

If during your stay in lagunas de Ruidera you need to go shopping, Tomelloso located at some 30 km away from the Reserve will become the best option. There you may find brands of national supermarkets up to stores specialized in Manchegan products: Manchegan cheeses, ice cream, wine from La Mancha, saffron and others.

In the route we will find the typical Manchegan landscape, vast plains and spacious horizons with constructions dating from the Iberian culture, the Bombos, used at present like rural hotels. [www.tomelloso.info](http://www.tomelloso.info)
